Welded Gored Elbows & Angles with E-Z Flange

Welded elbows and angles are used in high pressure and low leakage systems. Standard Elbows and angles are fabricated from 20 gauge material. Available in E-Z Flange Jr. 6" - 24" diameter and E-Z Flange 26" - 60" diameter. 52" and larger in diameter 90 degree full sweep (1.5 x CL) elbows are fabricated using two 45 degree angles connected with a E-Z Flange and Barrel Clamp unless otherwise specified.

Standard Elbows and Angles are fabricated from 20 gauge galvanized material. Other diameters, throat radiuses and gauges are available, please consult factory.
